

INSTRUCTION MANUAL

**Important! Read Instruction Before Use
16X3v6 Is Designed For Expert Users Only**

16X3v6

Ni-Cd & Ni-MH Maintenance System

VEESC Linear Charge, Discharge & Cycle
4-8 cells capability charge all kinds of pack
INDI Multitasking Full Charge Detection Algorithm
Minus Delta Voltage Full Charge Termination Method
Zero Delta Voltage Full Charge Termination Method
Pulse Count 16-Bit Analog to Digital Converter
65536 Steps Ultra High Resolution Counter
Up to 10 Amps Conditioning Discharging Current
0.25-6.5 Amps Adjustable Charging Current
Auto Detect Smart Lockout Timer
16-Bit Digital Signal Processing

***Just race,
no games!***
