**ABS Brake** ***REVERSIBLE***

**Northstar Drive System provides smooth running and increased radio system range.**

**Intelligent Braking Circuitry provides a safe transition from forward to reverse.**

**ABS Braking System provides safe stopping power.**

**Digital Auto Fail Safe minimized out-of-control accident.**

**PCM Power Control Module increase motor life 25%.**

**J-MOS.FET transistors provide incredible high frequency performance and cool operation.**

**Solid State ITP, intelligent temperature protection with multi stage switching ensure reliability.**

**Factory installed motor and battery plugs for quick and easy installation.**
